

The Lessons of the series Hellenic (Greek) Education presented by professor emeritus John N. Hatzopoulos of the University of the Aegean, were completed. These courses took place from April 9, 2022, to June 18, 2022, and are available on the internet youtube as follows:

Lesson-1 <https://youtu.be/m9T3nz0PO5Y>

Lecture: Introduction to Internal Balance - Plato's model

Lesson-2 <https://youtu.be/uzsN3M-fkWE>

Lecture: Introduction to External Balance Aristotle's model, the use of elementary math analysis

Lesson-3 <https://youtu.be/M87uhuPAkuw>

Lecture: Internal balance: Mathematical analysis

Lesson-4 <https://youtu.be/yP3HbDL6vqw>

Lecture: Internal and external balance with mathematics, Statistics.

Lesson-5 <https://youtu.be/SxZiRqw0nIA>

Lecture: Nature, Mortal/Immortal, Virtual Reality, Statistics, The human error model, prejudice (bias) and consequences, a mathematical revelation of an attribute of the Supreme Being.

Lesson-6 <https://youtu.be/OlwCGQQYgjo>

Lecture: The human error model, Computers, Artificial Intelligence, Digital Image

Lesson-7 <https://youtu.be/MJ90RMYg920>

Lecture: Curricula Reorganization at all levels, The virtuous person, Didactics

Lesson-8 <https://youtu.be/ORIRAIWOGZM>

Lecture: Astronomy, the celestial sphere, terrestrial and celestial coordinates, our solar system, solar and stellar time, azimuth from the pole star.

Lesson-9 <https://youtu.be/CZKkvnWWfLE>

Lecture: The Orphic Egg and the Universe, The Ether, Neural Networks, Internet Social Media, Where Are We Going?

Lesson-10 <https://youtu.be/l9J32bolT7s>

Lecture: Class assessment, evaluation

Class Material: https://www2.env.aegean.gr/labs/Remote_sensing/Software/CC-Material.rar

The videos are public and you can download them as follows: Go to the internet (with copy / paste) the address:

<https://yt1s.com/en101> and then <Enter>

In the Label <Search or paste Youtube link here> enter by copy / paste the address of one of the above youtube lectures and press <Convert>

Click <Get link> then <Download> Navigate and select a directory on your hard drive to save the video and press the save key. It will be saved in a few minutes.
